Music Therapy

COMMUNITY MUSIC CENTER OF BOSTON

Music Therapy

"The positive effects of our music therapy program are lasting and overflow into all aspects of the Adult Day Health program"

— Director of Programs,
Rogerson Communities Adult Day Health

COMMUNITY MUSIC CENTER OF BOSTON

"Our autistic daughter, who had never before communicated at any level, literally 'found her voice' in a music therapy session. This discovery has opened up a new world of potential for her and she is now a musical star at her school for students with special needs"

— Music Center Parent

BENEFITS OF MUSIC THERAPY

- Improved interpersonal relationships

- End of Life Needs

OVER 40 YEARS OF COLLABORATIONS

MUSIC THERAPY

Music Therapy is the use of music as a tool to help social, cognitive, physical and emotional health, eventually improving the quality of life.

Our Music Therapy program is run by experienced professionals who focus on creating a platform for students to achieve personal growth.
